

SECURE HOSTED REVIEW SOLUTIONS

Elite Discovery employs only the premier eDiscovery solutions designed to tackle any challenge, whether it's litigation, information governance, a government request or an internal investigation. With in-depth knowledge of eDiscovery technology and global business data, our eDiscovery experts are incredibly effective at helping clients find the best technology solution to match your needs.

As data volumes continue to increase exponentially, efficient eDiscovery ensures that key evidence isn't overlooked in the legal process. **Everlaw** enables legal teams to discover, reveal, & act on all the information relevant to a case in a secure, centralized location.

The **Viewpoint™** all-in-one eDiscovery hosting and review platform brings simplicity, ease, & affordability to your legal and compliance projects by enabling you to manage all processes, apply advanced analytics and utilize predictive coding without extra cost or tools.

The platform offers a user-controlled experience for upload, review, and production. **CloudNine** Review delivers high service levels with all the features and functionality you need, and nothing you don't.

Used for every type of case from litigation management to internal investigations and responding to government requests, **Relativity** reduces your risk and helps control costs associated with identifying, collecting, and analyzing electronic information.

EDISCOVERY MANAGED WORKFLOW

Elite Discovery has become one of the nation's most highly awarded eDiscovery experts because of our client-first focus and the individual support you receive. A team of eDiscovery experts are assigned to each case, with an emphasis on up-front planning to quickly understand the nature of the matter and your objectives. We collaborate with you on strategies that best mitigate risk, optimize efficiencies and reduce costs. Your dedicated Litigation Technology Consultant, Project Manager and Hosted Document Review Analyst are committed to providing our award-winning support around-the-clock, every day of the year.

DISCOVERY MADE  **ASY**
